Good afternoon FOIA Department,

This might be redundant to some of you but if not thank you very much for your past returned calls and support.

I believe that within the next 2 weeks there will be an invitation for bid for the upcoming Traffic Control and Barricade contract. I am new to this so the description for the IFB might be slightly different.

I would like to ideally request information from the past 2 contracts. The current contract is great information but the information from the previous contract (if possible) would provide me with very valuable historic information regarding pay item cost increase for the upcoming Traffic Control and Barricade contract.

In addition I would like any other information that pertains to this contract that you can legally provide me with. We are a new vendor to Metra so I am uncertain at this time what is available.

Please let me know if there is any other information that you need from me.

Thanks in advance for your efforts.

Bill Stukel
