RE: 16-FOIA-128 Info - Downers Grove Platform

Dear Mr. Bonko:

We are in receipt of your request for information pursuant to the Illinois Freedom of Information Act, 5 ILCS 140/1 *et seq.* (“**FOIA**”).

On May 13, 2016, we received your request for copies of the following documents relating to the Downers Grove Main Street (BNSF) finish platform replacement, including, but not limited to:

- (1) Copy of the contract between Metra and Legacy Construction and/or KEE Construction;
- (2) Copy of the payment and performance bonds posted by Legacy Construction and/or KEE Construction for this project;
- (3) An accounting of what has been paid to Legacy Construction and/or KEE Construction, and the balance, if any, that remains to be paid;
- (4) Copies of any and all checks issued to Legacy Construction and/or KEE Construction;
- (5) Any and all sworn statements and supporting draw documents from Legacy Construction and/or KEE Construction, including lien waivers from subcontractors; and
- (6) An actual written accounting of all contractors and subcontractors paid, the date of payment, and the amount paid

(“**Request**”).

After performing a diligent search of Metra’s records, we have been unable to locate any records responsive to your Request. Metra’s Engineering Department has advised that the Downers Grove Main Street finish platform replacement project was a federally funded project, administered by the Village of Downers Grove. You may request copies of the above-referenced records from the Village of Downers Grove by contacting:
