---

Hello,

On Friday July 22, 2016 I boarded a train in Joliet, IL (the Heritage Corridor) at 6:25 a.m. I sprained my knee boarding the train and when we pulled into downtown Chicago, realized I could not walk on it. The conductor called an ambulance for me.

I was spoken to by Amtrak Police, Metra Police and the conductor and they all had me fill out forms which they assured me I would get a copy of in the mail. I have received no such copies and would like to have them for my records. Thank you.

Sincerely,

Carol Boruta
