Hi-

My name Matthew Neary and I work for KPMG and am writing a report on the Metra line. I was hoping to obtain any information in regards to the 31 new metra stations that have been built since 1983; specifically any that are not downtown and that have been constructed within the last 25 years (1991).

Additionally, any information / reports in regards to changes in employment, population, residences would be great too!

Thanks so much,  
Matt
