

Metra Electric, University Park Branch Construction Notice

Saturday, February 9 & Sunday, February 10

What work is being done?

Metra is repairing electrical catenary structures that were damaged last week in a freight train derailment. This work will cause single tracking near Harvey.

How will this affect my trip?

Trains may be subject to delays of up to 10 minutes.

Please check metrarail.com or the Ventra app for train times and alerts.
