

Metra Electric – Construction Notice

Saturday, December 15 & Sunday, December 16

What work is being done?

Metra is performing maintenance and inspections on overhead catenary wires throughout the entire line and performing a switch repair near 63rd St. to remove a current speed restriction.

How will this affect my trip?

All inbound and outbound trains on the Metra Electric District may be subject to delays up to 10 minutes.

On Sunday, all inbound and outbound trains will board using Tracks 8 and 9 at Millennium Station between 7 AM and 7 PM.

Millennium Station Tracks 2 through 6 will be out of service due to thorough wire inspections.

Please check metrarail.com or the Ventra app for train times and alerts.
